Technical data

Overall length / Body length	mm	5,687 / 4,260
Overall width / Inside width	mm	2,165 / 2,044
Maximum technically permissible laden mass ¹	kg	1,000
Overall height / Interior headroom ²	mm	2,659 / 1,900 - 2,050
Mass in running order (-/+ 5%) ³	kg	836 (794 - 878)
Manufacturer's specified mass for optional extras ⁴	kg	39
Technically possible increase in load capacity to	kg	1,200
Body wall thickness (floor / roof / wall)	mm	37 / 31 / 31

Berths

Bed size, bed conversion, bunk beds (length x width)	mm	1,970 x 690; 1,930 x 790
Bed size, seating area bed conversion (length x width)	mm	2,000 x 1,700

1 The maximum technically permissible laden mass is the gross vehicle weight specified by the manufacturer, which must not be exceeded under any circumstances when driving the vehicle.
2 Depending on the model, configuration, tyres, optional extras and load, the vehicle height can vary.
3 The mass in running order refers to the unladen weight of the vehicle with standard equipment according to the manufacturer's specifications, including the mass of the body, the cab, the trailer hitch and the spare wheels as well as the tools and the fresh water tank (filled to capacity). This is a calculated value, which is subject to legally permissible tolerances of up to $\pm 5\%$ (see note in brackets). Since the occurrence of legally permissible tolerances has a direct impact on the remaining loading capacity, these tolerances must be taken into account when configuring the vehicle.

4 The maximum mass for optional extras is a value calculated for each layout that HOBBY uses to limit the available mass for optional extras that can be ordered and fitted at the factory. The aim of this value is to ensure that the legally prescribed minimum loading capacity is observed. If selecting optional extras increases the actual vehicle mass to such an extent that there is no longer sufficient available mass between the actual vehicle mass and the maximum technically permissible laden mass for the passengers (only with motorhomes and vans) and the minimum loading capacity, depending on the layout, you can choose to increase the load capacity of the vehicle (increase the maximum technically permissible laden mass) during the configuration. Alternatively, you can reduce the permitted number of people while driving (only for motorhomes and vans) and/or deselect optional extras. Otherwise, you will be unable to continue configuring the vehicle or proceed with the ordering process.

5 Maximum total weight of luggage that can be fastened using the four tie down eyelets = 55 kg.

6 Battery-powered.

7 Includes: Homologation / EU Type Approval and CoC / Safety Certificates Part II.

beachy

Standard equipment

All information on prices and weights can be found on our website.

Chassis / Safety

- KNOTT ANS overrun brake with automatic adjustment
- Extendable corner steadies, fully galvanised
- Jockey wheel with load indicator
- Rear fog light
- Wheel shock absorbers
- Tyre repair set
- Licensed for up to 100 kph
- KNOTT stabiliser hitch

Wheel rims

- Silver steel rims with hubcaps

Windows

- Combi-cassettes with pleated blind and fly screen, for all windows
- Hinged window, double-glazed and tinted, can be opened

Body

- Entrance step
- Fixing eyelets for securing loads, x4⁵
- Rooflight DOMETIC SEITZ, Midi-Heki 700 x 500 mm, with pleated blind and fly screen in habitation area
- One-piece habitation entrance door, with porthole

Body

- GRP underfloor
- Two-part rear hatch, hinged bottom section, with porthole
- LED awning light
- Wheel arch guard with rubber lip for draught skirt
- Light metal manoeuvring handles at the front and rear
- Side walls with smooth metal panelling
- Special sticker "beachy 420+"
- Awning rail
- Winter vents for seating area, lockers and beds

Habitation area

- Wardrobe
- Face-to-face seating area, can be converted into a bed and U-shaped seating area
- "Driftwood" flexible, folding table in the living area, x2
- Driftwood hook-on table in the front, x1
- Wall-mounted compartments
- 4-piece "Sunset" cushion set in corduroy

Upholstery combinations

- Seat and bed upholstery in "Ocean" or "Ocean midnight" corduroy

Kitchen

- IGLOO ICF40 cool box, 39 litres, 12 / 24 / 230 V
- Drawer, fully extendable with push lock mechanism
- Drawer for cool box, fully extendable with safety lock
- Stainless steel sink

Sleeping area

- Bunk bed with guard and ladder
- Light switch in sleeping area

Water / electricity

- Waste water roller tank including storage bag
- Fresh water tank, 25 litres
- Submersible pump
- Electronically controlled 12 V / 350 VA power supply
- Ground fault circuit breaker
- JAEGER passenger vehicle connector, 13-pole
- Smoke alarm⁶
- Dual USB charging socket, x2
- Pre-wiring for solar power system

LED lighting

- Indirect lighting in the living area and kitchen
- Pendant light in rattan design, height adjustable

Optional extras

	WEIGHT IN KG ⁴	PRICE EX-WORKS INCLUDING 19% VAT (EURO)

General information

BEACHY 420+ price list, 2025 season, last updated 10.01.2025

This price list supersedes all previous price lists that have been published. The prices are recommended retail prices ex-works from Fockbek including statutory VAT. All content is correct at the time of going to press. All designs and equipment packages are subject to change without notice; errors are excepted.

Some of the models featured in the brochure have optional extras or decorations that are not part of the standard scope of delivery. Deviations from the pictured furnishings in terms of structure and colour are excepted provided

they relate to the nature of the materials used and are consistent with standard commercial practice. The same applies to technical modifications to the vehicle provided the overall product quality remains the same or is improved and the intended purpose is not impaired.

The prices quoted are only valid within the scope of new series production. In some cases, it may not be possible to retrofit certain optional extras, or this may be associated with significant additional costs.
